

RESULTS FOR AUDITION 19/20 SEASON

After intense discussions we are confident to release the results for this season. If you have not been selected it is because you need to strengthen your fundamentals before moving forward. For those not selected it is under recommendation of teachers and director to not be discouraged but to intensify training. Please add grooving to your recreational classes for best results for the following season.

For those accepted into crews etc you have until Friday June 21 to accept your placements by registering for them online. Please remember to add your comp base and your summer school. If you cannot commit for the full year please decline your crew.

There will be zero tolerances for unexcused absences

(If your name has a star next to it it means its on a trial for Sept to see whether you are ready for that program or not.)
